WHAT IS SOMETHING FROM THIS YEAR THAT YOU'RE PROUD OF?

I'm proud of being able to get students back in classrooms in person safely. I'm proud of how excited and happy students were to be back at school.

WHAT ACTIVITIES ARE YOU LOOKING FORWARD TO THIS SUMMER?

I'm looking forward to being able to visit with family and friends. I also look forward to taking the mornings slowly and coming into school a bit later. I may even sleep in!

WHAT IS A GOAL YOU HAVE FOR THE FUTURE?

My goal is having the new middle school building open. We'll be able to train teachers and support even more students in learning how to read and feel successful in school.

WHAT ACTIVITIES WOULD YOU RECOMMEND FOR STUDENTS THIS SUMMER?

This summer, I recommend:

- you take a walk each day.
- you use the telephone or video chat to call and visit with someone you haven't seen for a while, at least once a week.
- every time you see a postcard, get one of where you are and send it to someone.
- you read outside whenever possible, for at least fifteen minutes a day.
- you ask people you meet if they're reading anything interesting.

ROLL INTO SUMMER READING

Need inspiration for what to read this summer? Chase S., Student Council Member and Level 4 student, interviewed Ms. Massoth's Level 1-2 class on their most recent finds from the library.

CONTINUE A SERIES YOU ENJOY

"I'm reading a Dogman book. I read one before and wanted to continue the series. It's about a cop with a dog head. It's very funny. I want to read more of the books." - Lincoln

"My book is Captain Underpants. I like the series. He does funny things like catching farts." - Christopher

EXPLORE ANOTHER GALAXY

"My book is about Star Wars. I chose this because I have not seen all the movies yet and want to know more. It shows me lots of information I didn't know about Star Wars." - Hayden

"I'm reading a book about Star Wars. I like it because it shows me inside parts of the ships. My favorite is the ATT. It transports troops." - Zach

REVISIT AN AUTHOR

"I'm reading a book called Ungifted. I chose this book because I've read the author before. He has an interesting way of naming the chapters. There isn't one main character - the main character changes with each chapter. One of the characters accidentally ended up in a gifted program instead of detention because their teacher filled out the wrong form." - Emmeline

TRY SOMETHING NEW!

"The name of my book is Makers Lab. It is a book about crafts and experiments you can do in your house. I recommend it because it's interesting." - Lydia

"I also checked out this book! You can make a lot of stuff. I made rock candies, bath bombs, paper mache, and a lava lamp." - Phoebe

EXPAND ON YOUR KNOWLEDGE

"My book is called Rocks and Minerals. I chose it because I like learning about different kinds of rocks. It shows me all kinds, like fools gold and old minerals. I recommend this book or learning about crystals." - Tyler

"My book is called Mysteries of the Komodo Dragon. I chose this book because I like lizards and didn't know much about Komodo dragons. It shows what they eat and what they do." - Gage
